

CRADLE TO CRADLE NETWORK - END EVENT
Wednesday, 7 December 2011
Theater aan het Vrijthof (Bovenzaal), Maastricht

C2CN - INTERREG IV C Fast Track Project

Interregional Cooperation & Regional Action Plans
Transfer of Good C2C Initiatives

Higher growth and more jobs in an eco-effective economy. Providing a boost to our regional economies and helping Europe to achieve its economic, geo-strategical, social and environmental targets at the same time is the goal of the Cradle to Cradle Network, its partners and stakeholders.

Cradle to Cradle offers a positive message of economic development and innovation opportunities, sustainable solutions and social well-being. The Cradle to Cradle Network shared and capitalised on regional good initiatives available throughout the European Union and would like to show you how the 'circular economy' framework of thinking contributes to innovative and resource effective, safe and healthy European regions. Inspiring intermezzos will enliven the programme.

The C2CN end event will be hosted by the Province of Limburg and will be held at the Theater aan het Vrijthof, Maastricht. The initiative is organised by the Cradle to Cradle Network.

Please fill in the Registration Form before 22 November 2011.
