

The European platform for green building practitioners

Christian BRODHAG, President of IFPEB, is very pleased to invite you to the

Launch of Construction21 international, the new association leading the European platform for green building practitioners

In the presence of Christine LEMAITRE, CEO of DGNB

and representatives of all Construction21 partners : IFPEB and CIRIDD (France), ANCE and UCV (Italy), ESCI (Spain), PE International and DGNB (Germany), VGTU (Lithuania), RoGBC (Romania).

Tuesday 23rd of April – 3.00 pm to 5.00 pm
ALOFT BRUSSELS SCHUMAN / Place Jean Rey · Brussels B-1040 · Belgium

AGENDA

- From an IEE project to an international non-profit association to accelerate the building sector revolution to green
- From local to global : a worldwide network of web platforms managed by local green building communities
- C21international : perspectives of development
 - New Construction21 chapters in Europe and other continents
 - New features about training, green cities, building products
 - Construction21 : the dissemination tool for European projects related to green building, green cities and renewable energies
- Open debate with Construction21 founding partners around a cocktail.

Thank you to confirm your participation by return e-mail to ifpeb@ifpeb.fr.
